

Adding a Module

Creating New Configurations

To create a new export configuration, the homepage provides the "ADD MODULE" button:

AGGIUNGI MODULO

1. Click the green "ADD MODULE" button
2. The system automatically opens the 5-step configuration wizard
3. The wizard guides you through all configuration aspects:
 - CRM module selection for export
 - Field definition for inclusion
 - Format and separator configuration
 - Filter setup and advanced options
 - Configuration save for future use
